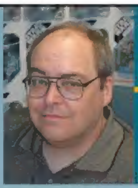
editor's NOTE

EDITOR'S *note* **People Who Know Your World EDITOR'S** *note*



EDITOR'S *note*

THAT AIN'T THE EEEVIL OF THE THRRILLAH, IT'S JUST… HALLOWEEN IN JULY!

Because we list items months in advance, our calendars can get a bit wonky (timey-wimey?). So each July we bring you "Halloween in July", our annual celebration of the *ghoulest* night of the year! And once again, our July issue of ***PREVIEWS*** is filled with plenty of spooky comics, graphic novels, books, toys and collectibles!

Over on the *FlipSide* of this issue, we've got a special look at some of the Top Zombie Comics, with the likes of Simon Garth (he of the Old School shamblers) and *Army of Darkness*, *iZombie* and *Zombie Tramp* leading the pack of comic book zombies.

We're also gearing up for our fourth annual *Halloween Comic Fest*, once again falling on the best day of the week — *Saturday* — October 31st! Much like *Free Comic Book Day*, fans can go to their local (participating) retailers who will have a variety of free comics as treats for their loyal customers… and for first-time attendees too. Add to that such incentives as store specials, special guests, and other surprises (your experience may vary by store), and you're bound to have a great Halloween experience at your local comic shop. Go to page 25 for all the details on this year's Halloween Comic Fest comics, revealed in this issue for the very first time! And like previous years, you can order your own packs of this year's mini-comics (25 copies per pack!) to hand out at your home, making your house *"the most popular place on the block!"*

I'll soon be off to Sacramento California, where I'll meet up with my fellow Comics & Comix alum and all-around great guy, Chris Cade, for my annual pilgrimage to San Diego Comic Con! It's always a great time hanging out in San Diego for the week, drinking, dining, meeting up with friends old and new alike, and attending various panels.

Speaking of panels, if you're going to be at Comic Con this year, be sure to join me and my ***PREVIEWS*** pals for our second annual ***PREVIEWS*** panel! Fans in attendance will not only be able to learn a little bit about ***PREVIEWS*** history and how to use this invaluable publication (along with the premiere of our special animated how-to video), but a few lucky fans will leave with some cool prizes, just for showing up! We're scheduled for **Thursday, 7/9 at 12:30pm in Room 8** of the Convention Center… but be sure to check the event schedule in case of any unforeseen last-minute adjustments.

Have yourselves a great July, and please…
let's keep things safe and sane on the Fourth, people!

Marty

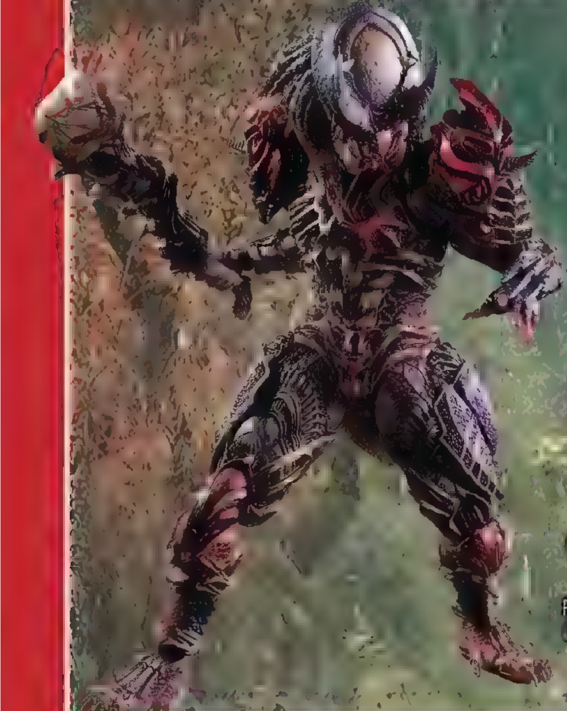
PREDATOR



Release: OCTOBER 2015
SRP $149.99

The Predator series was a marked departure from the typical science fiction genre, with a unique concept: an invader from space, physically superior to humans that enjoys hunting for sport. Now that Predator makes its appearance in the Variant Play Arts KAI series! The armor is designed to replicate bones. A mask and face reminiscent of a Japanese ogre called oni. These qualities accentuate the terror inspired by the Predator, and express its brutal horror. Great care was put into the texture as well, and no detail was spared on the paintwork. The armor combines a sinister and flashy look, and its skin is a mix of red and white to bring out a fleshy tone. With its accessories the collector can create many ominous poses of the Predator.

Figures include display stand and interchangeable hand parts.

This month's featured creator is... CULLEN BUNN

Please tell us a bit about yourself!

I am the writer of a number of different comics, including books like *The Sixth Gun*, *Hellbreak*, and *Terrible Lizard* from Oni Press; *Harrow County* from Dark Horse; *Magneto* and *Deadpool's Secret Secret Wars* from Marvel; *Sinestro*, *Aquaman*, *Lobo*, and *Green Lantern Corps: The Lost Army* from DC; and *The Shadow* and *Masks II* from Dynamite. I also write short stories and novels, mostly horror. I grew up loving comic books, so I feel very fortunate to be able to create them for a living. Not only do I get to write stories, but I get to work with incredible artists like Brian Hurtt, Drew Moss, Tyler Crook, Joelle Jones, Brian Churilla, and dozens of others! I love seeing my ideas brought to life by these talented folks! And... once upon a time... I performed on stage as the "World's Youngest Hypnotist"! No fooling!

What are your favorite projects you've contributed to over the past decade?

That's a tricky question! Next year will be my 10-year anniversary of writing comics professionally, so I definitely have to list my first pro comic work, *The Damned* from Oni Press. I'm also extremely proud of *The Sixth Gun*, which will be wrapping up soon after 50 issues (and a few spin-offs). It's gratifying to be able to set out to tell a long-form story — and be afforded the opportunity to tell it! Recently, the first issue of *Harrow County* was released from Dark Horse, and I feel like this is a very personal story, something that is very true to me as a writer. It might be the book that represents who I am most clearly, and I have been so thrilled by the reaction to it.

What are you currently working on?

As I mentioned earlier, I'm bringing *The Sixth Gun* to a close. The final arc of the series is epic to say the least. I've known where the story was headed since the first arc of the series, so it's exciting — if a little bittersweet and, at times, stressful — to see the final payoff coming together. Right now, there's some added excitement for me because Pinnacle Entertainment is adapting *The Sixth Gun* to a role-playing game. As a gamer from way back, I'm jazzed about that! I'm also working on *Hellbreak*, which is sort of an action-exorcist story about mercenaries retrieving lost souls from Hell. I've been working on that for a while, so I'm way ahead of the release schedule of the book. *Harrow County* from Dark Horse just launched. We've been calling the book a "Southern Gothic Fairy Tale" and I think that sums it up pretty well. The first issue sold out and is going to a second printing. I'm in the middle of writing the second arc and planning the third! And I'm also working on a book for Oni Press titled *Blood Feud: A Vampire Yarn... with Spiders*. It's the story of black magic and vampires (sorta) in the Missouri Ozarks — like the Hatfields and McCoys... if the Hatfields were flesh-eating monsters. That launches later in the year.

What fun titles are you reading?

Southern Bastards (*Vol. 1: Here Was a Man*—JUL140517) from Jason Aaron and Jason Latour is currently my favorite comic book series. From a very simple beginning, the Jasons have created a story that manages to take me by surprise with every issue!

Trees (*Vol. 1*—DEC140696) by Warren Ellis and Jason Howard is a wonderful science fiction story that I first encountered in trade, but now follow in singles.

KaijuMax (#1 2nd Printing—APR158439) from Zander Cannon is a giant monsters in prison story that is full of humor, heart, and tons of ideas I wish I'd come up with!

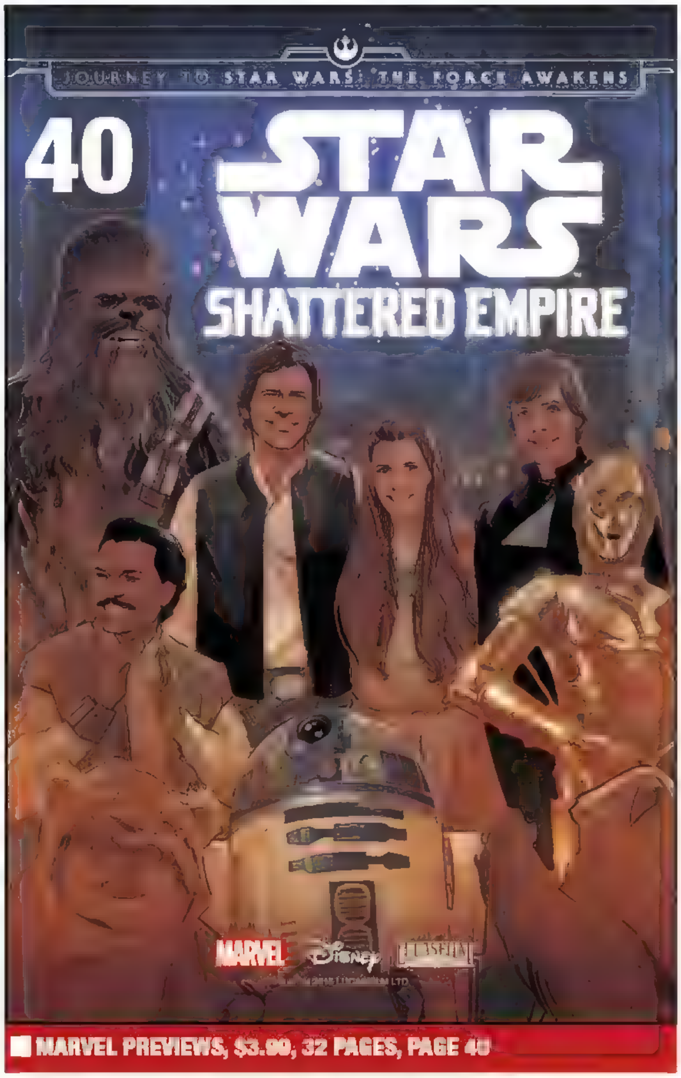
IN THE AFTERMATH OF ENDOR, THE REBEL ALLIANCE FACES THE *SHATTERED EMPIRE*



MARVEL PREVIEWS, $3.99, 32 PAGES, PAGE 40

In December, a new chapter in the *Star Wars* saga will begin when *Star Wars: The Force Awakens* -- the seventh *Star Wars* film and the first to take place after *Return of the Jedi* -- arrives in theaters. As the excitement for the new film builds, Lucasfilm and its partners will explore the aftermath of *Return of the Jedi* in a series of canonical projects debuting in September, and Marvel Comics leads the way with Greg Rucka and Marco Checchetto's *Star Wars: Journey to The Force Awakens: Shattered Empire!*

Emperor Palpatine's twenty-year reign of terror came to an abrupt and fiery end in the skies above the forest moon of Endor. A decisive victory for the Rebel Alliance, to be sure, but even with the loss of its leadership, the Empire's Moffs and regional governors retained their hold on important systems from the Core to the Outer Rim, thanks to the might of the Imperial Starfleet. Now, with a power vacuum atop the Empire, those Moffs will jockey for position and control, and the heroes of the Rebel Alliance will soon discover that a wounded and fractious Empire may be more dangerous than any threat they faced before!

Greg Rucka, the acclaimed writer of *Wolverine* and *Cyclops*, reteams with his collaborator on The Punisher, Marco Checchetto, for a *Star Wars* tale that will reveal the untold story of the aftermath of the Battle of Endor and the political machinations that ensued. The Rebellion's desperate struggle to liberate the galaxy from the Empire's tyranny will face new challenges, and Rucka and Checchetto will bring their incisive storytelling to a story that no *Star Wars* fan will want to miss.

A new addition to the *Star Wars* canon, *Star Wars: Journey to The Force Awakens: Shattered Empire* will take readers into uncharted territory and set the groundwork for the new *Star Wars* film. Put your *Empire Strikes Back* soundtrack in the stereo and cue up "The Imperial March" when you read Rucka and Checchetto's *Shattered Empire* this September!

IN THE FLOODED FUTURE, JAPAN IS AN OASIS IN IMAGE'S *TOKYO GHOST*

Human civilization has been remade thanks to global warming and toxic contamination, and most people live lives of blissed out digital pleasure to avoid thinking of the world around them, engaging with others only when they need their next fix. Los Angeles, once a gleaming city, is now a shell of its former self, a post-apocalyptic disaster zone of gangs and digital drug runners, and patrolling over the wreckage are the Constables.

Two of Los Angeles' finest -- Led Dent and Debbie Decay -- are about to embark on a trans-Pacific journey out of their urban wasteland in pursuit of justice in Tokyo Ghost, the new Image Comics series from Rick Remender and Sean Murphy. Instead of turning to technology in the aftermath of the environmental collapse, the Japanese turned back to nature, and two Constables from Los Angeles' mean streets are in for the shock of their lives!

THE FALL OF HARBINGER MAKES A TURNING POINT FOR VALIANT

Toyo Harada is one of the smartest and most dangerous men in the Valiant Universe, and even he is not immune to the fate written for him in the Book of the Geomancer. This summer, Harada faces his destiny in *Book of Death: The Fall of Harbinger*, and it will be a destiny written in blood as Earth becomes a battlefield! Who will be left standing, and will Harada's dreams of order, when *Book of Death: The Fall of Harbinger* is over?

EVEN SUPERHEROES HAVE TO PAY THEIR BILLS IN *THE PAYBACKS*

It's not cheap to be a super-hero. You have to have a secret lair, super science labs, more computer equipment than a land grant university's CompSci building, more gadgets that you can find in a novelty store, not to mention costumes and laundry and the occasional extreme medical bill. Suffice it to say, being a super-hero costs money, sometimes a lot of it, and, fortunately, banks are there to loan heroes the money they need. But when a hero gets overextended and stops making his payments, it's going to take a special kind of person to repossess a hero's equipment, someone like The Paybacks!

Dark Horse Comics reveals the practical side to super-heroics in the offbeat new series from Donny Cates and Eliot Rahal, *The Paybacks*, about a team of super-powered repo agents. When the city's grim vigilante is delinquent on the loan payment for his newest vehicle, they're the ones who show up to take possession of the vehicle. When the mortgage on a hero's lair goes underwater, they're the ones to handle the property auction. *The Paybacks* is the perfect super-hero book for the post-2009 market crash generation!

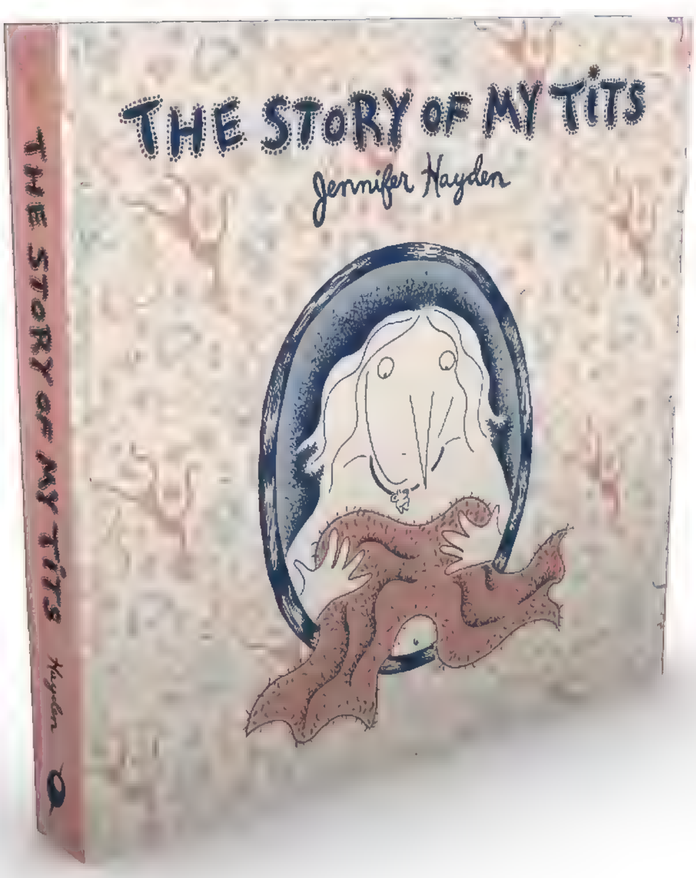
THE STORY OF MY TITS

Jennifer Hayden



A LANDMARK WORK OF GRAPHIC MEMOIR AND A CANCER NARRATIVE THAT PULLS NO PUNCHES.

When Jennifer Hayden was diagnosed with breast cancer at the age of 43, she realized that her tits told a story. Across a lifetime, they'd held so many meanings: hope and fear, pride and embarrassment, life and death. And then they were gone. Now, their story has become a way of understanding her story. Growing up flat-chested and highly aware of her inadequacies…heading off to college, where she "bloomed" in more ways than one…navigating adulthood between her mother's mastectomy, her father's mistress, and her musician boyfriend's problems of his own–not to mention his sprawling family. Then the kids come along…As cancer strikes three different lives, some relationships crumble while others emerge even stronger, and this sarcastic child of the '70s finally finds a goddess she can believe in.

For everyone who's faced cancer personally, or watched a loved one fight that battle, Hayden's story is a much-needed breath of fresh air, an irresistible blend of sweetness and skepticism. Rich with both symbolism & humor, *The Story of My Tits* will leave you laughing, weeping, and feeling grateful for every day.

And who do these gangsters turn to when they need their rule enforced? Constables Led Dent and Debbie Decay. This duo is about to be given a job that will force them out of the familiar squalor of Los Angeles to take down the last tech-less country on Earth: The Garden Nation of Tokyo.

THINK TANK #1

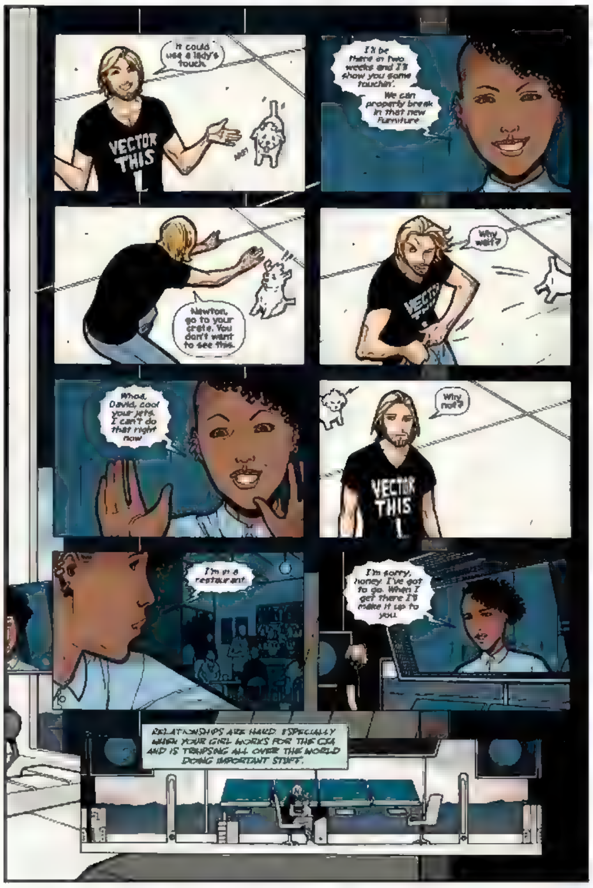
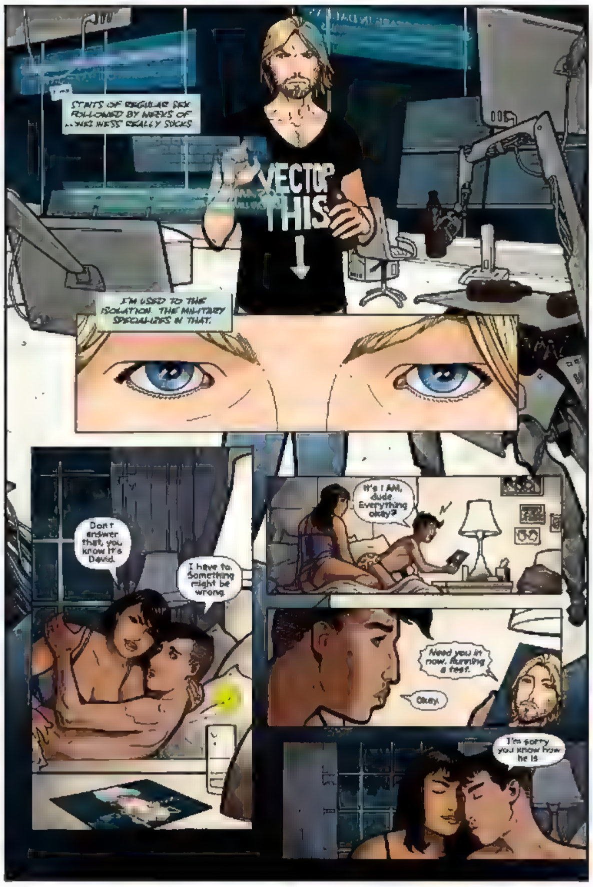
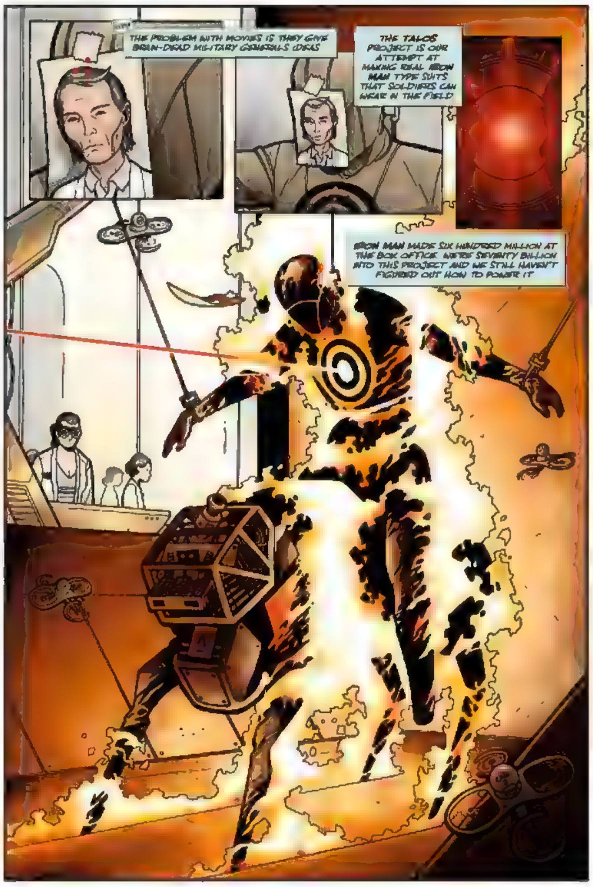
Hey, sexy man.
Narra, oh my God, you are a sight for sore eyes. I haven't heard from you in almost a week!
WHEN I LOBBIED TO BE RELOCATED TO CALIFORNIA, I WANTED TO WORK BY THE SHORE TO SEE SOME BEACH BUNNIES PLAYING VOLLEYBALL AND RUN SOME SAND THROUGH MY TOES.
I GOT THE SAND. THIS NEW LAB AT EDWARDS AIR FORCE BASE ABOUT 200 MILES FROM THE BEACH IN THE MIDDLE OF THE DESERT. BUT IT WASN'T WHAT I HAD IN MIND.
Sorry about that, my love. Undercover diplomatic op here in Brussels, couldn't be avoided.
How are the new digs?
Well, as you can see...



It could use a lady's touch.
I'll be there in two weeks and I'll show you some touchin'.
We can properly break in that new furniture.
Newton, go to your crate. You don't want to see this.
Why wait?
Whoa, David, cool your jets. I can't do that right now.
Why not?
I'm in a restaurant.
I'm sorry, honey. I've got to go. When I get there I'll make it up to you.
RELATIONSHIPS ARE HARD. ESPECIALLY WHEN YOUR GIRL WORKS FOR THE CIA AND IS TRIPSING ALL OVER THE WORLD DOING IMPORTANT STUFF.



STINTS OF REGULAR SEX FOLLOWED BY WEEKS OF LONELINESS REALLY SUCKS.
VECTOR THIS
I'M USED TO THE ISOLATION. THE MILITARY SPECIALIZES IN THAT.
Don't answer that, you know it's David.
I have to. Something might be wrong.
It's 1 AM, dude. Everything okay?
Need you in now. Running a test.
Okay.
I'm sorry you know how he is.



THE PROBLEM WITH MOVIES IS THEY GIVE BRAIN-DEAD MILITARY GENERALS IDEAS.
THE TALOS PROJECT IS OUR ATTEMPT AT MAKING REAL IRON MAN TYPE SUITS THAT SOLDIERS CAN WEAR IN THE FIELD.
IRON MAN MADE SIX HUNDRED MILLION AT THE BOX OFFICE. WE'RE SEVENTY BILLION INTO THIS PROJECT AND WE STILL HAVEN'T FIGURED OUT HOW TO POWER IT.

STAFF picks

SANJAY & CRAIG GN

Papercutz

Sanjay and Craig has an old-school Nicktoons feel and it's pretty awesome!

Following the slapstick adventures and hijinks of 12 year-old Sanjay Patel and his crazy "master of disguise" pet snake, Craig, this fast paced, all-over the place cartoon is a fantastic mix of *SpongeBob Squarepants*, *Rocko's Modern Life*, and *Bob's Burgers* (for a younger audience) in all of the right ways. And we get this feeling for good reason. The team that put together this great new addition to the Nickelodeon line-up are veterans of the industry and know how to make a solid cartoon!

With Jay Howell, the character designer for *Bob's Burgers*, also doing designs for *Sanjay and Craig*, directors like Tom Yasumi of *SpongeBob* fame, and producers Will McRob and Chris Viscardi, who created *The Adventures of Pete & Pete* in the early 90s, how could you go wrong?!

Papercutz definitely hasn't! They take this cartoon straight from the small screen to the comics page not only in their all-new *Nickelodeon Magazine* (offered in the May 2015 ***PREVIEWS*** catalog), but now in its very own graphic novel! If you are a fan of the *SpongeBob* comics or just like classic 90s style cartoons, you should absolutely pick up the *Sanjay and Craig* graphic novel coming to a local comic shop near you this September!

NIGHT OF THE LIVING DEAD COMPLETE TPB SLIPCASE EDITION

Retail Price: $79.99
Cover: Jacen Burrows
Writer: John Russo, Mike Wolfer, David Hine
Art: Mike Wolfer, Dheeraj Verma, German Erramouspe

MR, Color, 5 Volumes: Zombie fans demanded it, the most unprecedented and horrifying night in American history continues as The Night of the Living Dead world expands with these shocking trade paperbacks! With stories set on that fateful evening in 1968 and expanding to the next generation in the 1970s, these tales expand the original frightening legend to new heights of undead horror. Shocking reports from rural areas continue to flood the airwaves with accounts of the recently deceased rising up to kill the living. Now government officials begin counter-measures to calm an increasingly panic-stricken public. Questioning whether or not the unbelievable stories are truth or simply an elaborate hoax perpetrated by militants opposed to the Vietnam War, the attention of the nation's Capitol is focused on a threat more believable, as thousands of protesters converge on Capitol Hill to voice their opposition to the War. This five volume collection includes the original Night of the Living Dead Volumes 1, 2, and 3 graphic novels along with the innovative 1970s follow up series Night of the Living Dead: Aftermath Volumes 1 and 2 presented in a one-of-a-kind value priced collector's slipcase.

Robert Black's journey into the heart of the USA in 1919 continues as he finds the citizens of Salem to be most interesting. This work has been researched and developed by Moore and Burrows over the course of several years. The end result is an amazing tome of Lovecraftian influenced nightmares where Moore has written every cover, every single page, and every nuance of this work to create his most fully-realized vision to date. Fans of Moore's immersive style and meticulous grasp of storytelling will be thrilled to add this essential piece of comics history to their collections! About: Convinced by Morgan and Olivia that their food source could either be compromised or possibly even be the source of whatever started the Crossed epidemic, the bridge dwellers begin to re-think their survival strategy, and select a "procurement team" to venture to the ground in the search for supplies and untainted food. But having lived in the relative safety that the collapsed bridge provides since the beginning of the outbreak, can the team possibly be prepared for what they will find down on the ground, among the roving gangs of Crossed? An All-New Collection

PEANUTS: FRIENDS FOREVER TP
(W/A/CA) Charles M. Schulz
An original collection of full-color comic strips featuring the whole *Peanuts* gang — Charlie Brown, Snoopy, Linus, Lucy, and more — just in time for the 65th anniversary of the strip and the release of their first feature-length 3D film! Charlie Brown may be the most prominent character, and Snoopy the most loveable, but it's when the whole gang gets together that the real magic of Charles Schulz's iconic comic strip happens. In this collection of strips, never before published together in one book, Linus waits up all night for the Great Pumpkin, Peppermint Patty tries—and fails—to whip Charlie Brown's losing baseball team into shape, Lucy proves time and again that she can't be trusted with a football, and these beloved friends remind us why *Peanuts* remains the most popular comic series of all time. WILD'S END: THE ENEMY WITHIN #1 (OF 6)

Illustrated by **I.N.J. Culbard**

Covers by **I.N.J. Culbard**, **Jake Wyatt** *(Jackpot Variant)*, **Rob Guillory** *(Ten Years Variant INCV)*, **Jeff Lemire** *(INCV)*

$3.99 • 32 Pages • Full Color

WHAT'S TO LOVE

The first ***Wild's End*** miniseries kept us in constant suspense with its unlikely mash-up of *War of the Worlds* and *The Wind in the Willows*. We're holding our collective breaths once again as author Dan Abnett *(Guardians of the Galaxy)* and illustrator I.N.J. Culbard *(The King in Yellow)* are set to play with the paranoia and "enemy amongst us" conspiracy theories prevalent in stories we love like *Invasion of the Body Snatchers* and *The X-Files*.

WHAT IT IS

As Clive, Susan, Fawkes, and the other survivors of the alien invasion of Lower Crowchurch try to cope with what just happened to their small town, the military arrives in an attempt to cover up the "incident." Town residents are immediately detained, questioned, and treated with suspicion. Are they alien spies, collaborators, sympathizers? Clive and the rest will need to escape imprisonment if they're to get the word out and warn the rest of the world in case the aliens return.

Cover by **I.N.J. Culbard**
$19.99 • 160 Pages • Full Color

WHAT'S TO LOVE

We love smart takes on classic science-fiction mythos, and who better to take advantage of the iconography of H.G. Wells and *War of the Worlds* than Dan Abnett, one of comics' most renowned sci-fi writers and one of the creators responsible for the groundbreaking run on *Guardians of the Galaxy* that inspired the Marvel movie. Paired with I.N.J. Culbard who has made a name for himself with the critically acclaimed adaptation of H.P. Lovecraft's *At the Mountains of Madness*, it's a team perfectly built for the visually impactful adventure stories readers love.

WHAT IT IS

Lower Crowchurch is a small English community enjoying the peace of the 1930s, but when the town becomes the victim of an alien invasion, the residents' lives are upended by the harsh realities of life-and-death violence. Led by the town's outsider and retired war veteran, they will have to rally together to uncover the secret of their invaders and hope to fight back. Collects the complete six-issue miniseries.

Written by **Matthew Dow Smith**
Illustrated by **Alex Sheikman**
Cover by **Brian Froud**
$24.99 • 96 Pages • Full Color • 7.25" x 11.25"

WHAT'S TO LOVE

It's been a surreal experience to be able to tell an original prequel story set in ***The Dark Crystal*** universe with the full collaboration of The Jim Henson Company. The film stands as an iconic fantasy story and we're excited to be contributing to its legacy. We're pinching ourselves because the best part has been being able to work with legendary conceptual designer Brian Froud!

WHAT IT IS

Presenting the stunning conclusion of the official prequel to the original ***The Dark Crystal*** movie. Following the events of the Great Conjunction, the once-powerful Urskeks have been split into two separate beings: the Skeksis and the Mystics. As the aftermath of the Great Conjunction wreaks havoc upon the Gelfling tribes, the Gelfling may have no choice but to rely upon the one race offering aid: the Skeksis. This volume features behind-the-scenes photos and concept sketches from The Jim Henson Company Archives documenting how creature and puppet designs that never made it into the film were adapted and brought to life on the comic page.

$3.99 • 32 Pages • Full Color

WHAT'S TO LOVE

We've been big fans of Tyson Hesse ever since we first discovered his webcomic *Boxer Hockey*. After cover stints on ***Adventure Time*** and ***Bravest Warriors***, we put him to the test with the tricky mixed-media art style of ***The Amazing World of Gumball*** and he just crushed it. Now, we're excited to be working with him on his first original series, a coming-of-age story with a cool fantasy airship twist that fans of *Tank Girl*, *Rocket Girl*, or Hayao Miyazaki's *Howl's Moving Castle* are sure to enjoy!

WHAT IT IS

Diandra Diesel isn't very good at anything. The daughter of the late Tungston Diesel, she has yet to live up to her father's great reputation. Her rival has inherited control of her family's airship and left Diandra the only job she's qualified for: working in a two-bit garage. But all that changes when a mysterious flying engine crashes into Diesel's life and takes her on a journey through the skies.

KABOOM! CELEBRATES THE 65TH ANNIVERSARY OF PEANUTS

2015 is the 65th anniversary of Charles M. Schulz's beloved ***Peanuts*** comic strip, and here at KaBOOM! (an imprint of BOOM! Studios), we're grateful for the opportunity to work with his estate to continue the legacy of Sparky's classic creation, which he personally worked on for 50 years!

To help commemorate this momentous anniversary, in September, we're releasing a brand-new original graphic novel, ***Peanuts: Where Beagles Dare***, and in October, we are proud to present ***Peanuts: A Tribute to Charles M. Schulz*** (advance solicited in this month's catalog). The tribute book contains a collection of pin-ups, strips, and short essays from some of today's best-known and up-and-coming cartoonists, comic artists, and webcomic creators as they honor Schulz for what his work has meant to them. It is very rare for the Schulz estate to allow other artists to illustrate Charlie Brown and the gang in their own signature styles, so we are honored to bring this very special project to ***Peanuts*** fans all over the world!

Here is but a small sample of the heartfelt essays accompanying the art you'll find in ***Peanuts: A Tribute to Charles M. Schulz***:

"***[The Peanuts]*** strip, unlike all the others with their complicated backgrounds and fussy cross-hatching, had a style that spoke to me. As I grew older, though, I realized that what set ***Peanuts*** apart wasn't how it looked. It was how it felt. This was what it was like to be that round-headed kid carrying the supper dish. This was what it meant to be a boy named Charlie Brown."

**—Lincoln Peirce *(Big Nate)*,
from his Introduction to *Peanuts: A Tribute to Charles M. Schulz***

"Charles Schulz was my hero. For me, he was the very definition of a cartoonist in every aspect, from work to lifestyle. His strong personal ethics made an indelible impression on me. But I echo many cartoonists today when I say the most powerful influence he had on me was "world building"—my words, not his. ***Peanuts*** was a fully formed world, and a place you'd rather be. That's a magic I've spent my career trying to reproduce."

—Terry Moore *(Strangers in Paradise)*

"Growing up, ***Peanuts*** was the comic strip I never quite understood but somehow couldn't stop reading. I didn't get why Charlie Brown kept going to kick the football again and again—I think that's a joke for adults, something that makes more sense now than it did when I was young. I just knew that I wanted to hang out in their cheerful town, go to summer camp, and play baseball with the gang. Also, as a shy kid who rarely spoke up, I wanted to be as tough as Lucy."

—Molly Ostertag *(Strong Female Protagonist)*

"Charles Schulz, Charlie, Snoopy, Lucy, Linus, Patty, and the rest of the gang didn't just teach us how to laugh at ourselves; they taught us how to live with ourselves."

—Ryan Sook *(X-Factor)*

"[Charles Schulz] showed the world what it takes to be a famous cartoonist. He is THE role model for all cartoonists. He definitely inspired me in my famous cartoonist journey. His inspiration is felt in every comic I create. It's true. My Patrick the Wolf Boy even wears a reversed Charlie Brown shirt. AW YEAH, HOMAGE!"

—Art Baltazar *(Tiny Titans)*

"Charles Schulz's creations were simply a part of life. Like trees, mountain ranges, rivers, lakes, the ocean, and the sky, they just always... were."

—Mike Allred *(iZombie)*

"For me, the single greatest thing about ***Peanuts***—the towering, inspirational central fact of its existence—is the fact that it was all the work of one cartoonist. Every line of dialogue, every shape delineated on the page, and every hand-drawn letter came out of one brain and was committed to paper by one hand. For fifty years. Fifty. Years."

—Roger Langridge *(Jim Henson's The Musical Monsters of Turkey Hollow, Snarked, Abigail and the Snowman)*

"You can see the influence of Schulz's cartooning in my own work; the way that his comics were more about expressive gestures and faces than they were about action (let's face it, those kids hardly had legs). I wanted to pay tribute to the most long-standing tomboy character in all existence, Peppermint Patty, because growing up as a tomboy myself, there weren't too many characters in media that I could really relate to."

—Liz Prince *(Tomboy)*

"What can I say about my hero, and friend, Sparky? He and his magical, masterful, kind-hearted comic strip helped shape my life."

—Patrick McDonnell *(Mutts)*

"As a hopeful cartoonist, I loved the artwork in ***Peanuts*** for its style—the supremely appealing charming designs and unique simplicity. But Schulz's creation is deceptive in its simplicity. It may look sparse, but it's deep. And truly, my heart belonged to it because of the heart that was put into it—the charm, warmth, individuality, humor, gags, and heart of characters that came from one of the greatest cartoonists ever."

—Mike Kunkel *(Herobear and the Kid)*

WHAT'S TO LOVE

No one can deny the cultural impact of Charles M. Schulz's *Peanuts*, and it has been a singular honor for us to be able to continue his legacy. In 2015, *Peanuts* celebrates its 65th anniversary, so we thought there was no better way to recognize Snoopy, Charlie Brown, and the rest of the gang than to invite some of the world's best-known names in comics, children's books, comic strips, cartoons, and webcomics to come together and show their love for Schulz.

WHAT IT IS

Peanuts: A Tribute to Charles M. Schulz is a giant love letter from creators new and old from comic strips to webcomics, children's books to comic books. Unprecedented at this scale, it is very rare for the Schulz estate to allow other cartoonists to illustrate the ***Peanuts*** gang in their own signature styles. This collection of original stories, pin-ups, and strips pay tribute to Schulz and the world of ***Peanuts***, and includes contributions from Matt Groening *(The Simpsons)*, Raina Telgemeier *(Smile)*, Jen Wang *(In Real Life)*, Patrick McDonnell *(Mutts)*, Stan Sakai *(Usagi Yojimbo)*, Terry Moore *(Rachel Rising)*, Mike Allred *(Silver Surfer)*, Paul Pope *(Battling Boy)*, and many more. Features an introduction by Lincoln Peirce *(Big Nate)*.

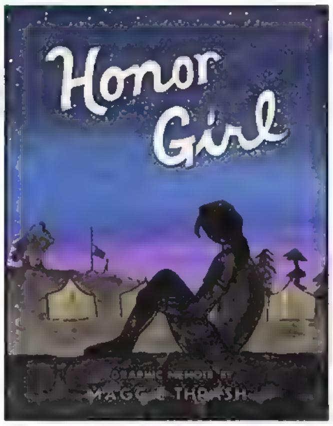
HONOR GIRL: A GRAPHIC MEMOIR GN

(W/A/CA) Maggie Thrash



Honor Girl
GRAPHIC MEMOIR BY
MAGGIE THRASH

All-girl camp. First love. First heartbreak. At once romantic and devastating, brutally honest and full of humor, this graphic-novel memoir is a debut of the rarest sort. Maggie Thrash has spent basically every summer of her 15-year-old life at Camp Bellflower for Girls, deep in the heart of Appalachia. She's from Atlanta, she's never kissed a guy, she's into Backstreet Boys in a really deep way, and her long summer days are full of a pleasant, peaceful nothing... until one confounding moment. A split-second of innocent physical contact pulls Maggie into a gutwisting love for an older, wiser, and most surprising of all (at least to Maggie), female counselor named Erin. But Camp Bellflower is an impossible place for a girl to fall in love with another girl, and Maggie's savant-like proficiency at the camp's rifle range is the only thing keeping her heart from exploding. When it seems as if Erin maybe feels the same way about Maggie, it's too much for both Maggie and Camp Bellflower to handle, let alone to understand. Humans have begun to colonize Mars, but something ancient and sinister got there first. Now Vampirella is faced with a mystery only she can solve, and the bloody realization that some monsters should never be awakened.

Writer Corinna Bechko says, "I've loved Alien since I first saw it as a kid on a crummy old TV in a well-lit room and got scared half to death anyway. Now that I have the chance to add a little corner to that universe I couldn't be happier. And pitting such an implacable horror against Vampirella? That's a meeting that definitely produces very fertile story-telling ground. The Alien franchise has always thrived with strong women in the lead. Smart, self-assured Vampirella is a joy to write for, even when she may have met her match."

Co-writer and artist Jim Terry says, "Diving headfirst into the CHAOS universe has been incredible, like being pushed out of a plane into a combat zone filled with gods, nut jobs and the most gorgeous women you could fathom. I'm doing my best to keep up with it and hopefully kick in a little dramatic flair, as well as Tim and my own particular brand of madness. Writer Cullen Bunn says, "You don't grow up in the day and age of my childhood without developing a deep and abiding love for Voltron, so writing the adventures of such an iconic giant robot is a real thrill and a treat. With this story, I hope to show a couple of different sides of Voltron, one vibrant and exciting like the old cartoons, and one a little more dark and even frightening. This dichotomy should be a lot of fun for readers and allow me to explore different sides of the characters involved. For me, Voltron has this mythic quality that I really want to delve into, and I'm excited to see what fans think of my contribution to the Voltron legend!"

Oscar Award-winning writer/director and Django creator Quentin Tarantino teams with Eisner Award-winning comic book creator Matt Wagner to write the official Django Unchained sequel, uniting the gun-blazing Western hero with the legendary swordsman of literature, film, and comics: Zorro!

Set several years after the events of Django Unchained, Django again pursues evil men in his role as a bounty hunter. Taking to the roads of the American Southwest, he encounters the aged and sophisticated Diego de la Vega by sheer chance. Django is fascinated by this unusual character, the first wealthy white man he's met who seems totally unconcerned with the color of his skin... and who can hold his own in a fight. Django hires on as Diego's bodyguard, and is soon drawn into a fight to free the local indigenous people from brutal servitude. Learning much from the older man (as he did from King Schultz), he discovers that slavery isn't exclusive to his people, as he even dons the mask of Zorro in their mission of mercy!

"I'm very, very excited about both this story and the opportunity to work with Matt. It was reading his Zorro stories that convinced me what a good idea it was to join these two icons together. The story idea we came up with is thrilling, and I think will be an exciting new chapter for both characters." — QUENTIN TARANTINO

"Sassy and reverential. Django... in this adventure alongside Don Diego de la Vega... seems timeless." — COMIC BOOK RESOURCES

"Sophisticated dialogue... and suspenseful developments. A must-have." — UNLEASH THE FANBOY

"This book is one of the indie books that I must have each month. Highly recommended!" — GEEKS WITH WIVES

STEP ASIDE, POPS!: A HARK! A VAGRANT COLLECTION HC

(W/A/CA) Kate Beaton

Ida B. Wells, the Black Prince, and Benito Juárez burst off the pages of *Step Aside, Pops: A Hark! A Vagrant Collection*, armed with modern-sounding quips and amusingly on-point repartee. Kate Beaton's second D+Q book brings her hysterically funny gaze to bear on these and even more historical, literary, and contemporary figures. Irreverently funny and carefully researched, no target is safe from Beaton's incisive wit in these satirical strips. Beaton returns with a refined pen, ready to make jokes at the expense of hunks, army generals, scientists, and Canadians in equal measure. With a few carefully placed lines, Beaton captures the over-the-top evil of the straw feminists in the closet, the disgruntled dismay of Heathcliff, and Wonder Woman's all-conquering ennui. HARK! A VAGRANT HC (NEW PTG)

(W/A/CA) Kate Beaton

Hark! A Vagrant is an uproarious romp through history and literature seen through the sharp, contemporary lens of *New Yorker* cartoonist and comics-sensation Kate Beaton. No era nor tome is left unscathed as Beaton rightly skewers the Western World's revolutionaries, leaders, sycophants, and suffragists while equally honing her wit on the hapless heroes, heroines, and villains of the best-loved fiction. In just four years, Beaton has taken the comics world by storm with her non sequiturs, cheeky comebacks, and irreverent punch lines. (STK450234)

A dark fairy tale about surviving the human experience, *Beautiful Darkness* is a harrowing look at the human psyche and the darkness that hides behind the routine politeness and meaningless kindness of civilized society. The sweet faces and bright leaves of Kerascoët's joyful watercolors only serve to highlight the evil that dwells beneath, as characters allow their pettiness, greed, and jealousy to take over. It a bleak allegory on the human condition; Kerascoët's and Fabien Vehlmann's work is a searing condemnation of our vast capacity for evil writ tiny. (STK622626)

TEENAGE MUTANT NINJA TURTLES #50

IDW Publishing

As a kid growing up in the 90's, the rooftop battle between the Ninja Turtles and Shredder was one the coolest cinematic moments of my youth. The *Teenage Mutant Ninja Turtles* cartoon was so silly, but the movie was anything but. The movie took the Turtles seriously and the duel on the rooftop showed the Turtles going 4 against 1 and they didn't have enough. The good guys couldn't do it! It was mind blowing to a kid that just maybe good wasn't going to triumph over evil.

The IDW run of *TMNT* is nearing its 50th anniversary issue and it's looking like we're about to have another epic confrontation between our favorite mutants and Shredder, the leader of the Foot Clan!

With Kevin Eastman having signed an exclusive contract with IDW at ECCC this year, IDW is pulling out all the stops to ensure that this final confrontation between the forces of good and evil makes just as much of a mark on this generation as the movie rooftop battle did on mine.

Be sure to pick up *Teenage Mutant Ninja Turtles* #50 from IDW this September to see if the Turtles are able to beat their greatest adversary or if the Shredder finally gets his chance for a taste of that turtle soup he's been craving for decades.

"Unlike the one-note lunatics, megalomaniacs or just plain Satanic villains of Western epic tales and movies, Duryodhana is a powerful, complex and sympathetic titan of churning emotion. This is no cackling Nazi supervillain. Duryodhana represents the force of raging desire, greed and unstoppable ambition in all of us. There's even something we admire in his massive ferocity, his lack of compromise."

ANN TENNA HC
(W/A/CA) Marisa Acocella Marchetto
From the celebrated *New Yorker* cartoonist and acclaimed author of Cancer Vixen, a brilliant, funny, and wildly imaginative first novel: the story of an influential gossip columnist brought face-to-face with her higher self — and a challenge to change her life for the better. Glamorous, superconnected Ann Tenna has ascended to the zenith of the New York media scene, attended by groups of grovelers all too willing to be trampled on by her six-inch Giuseppe Zanottis if it means better seats at the table. But as high as her success has taken her, Ann has actually fallen far from her true self. It takes a near-fatal freak accident on her birthday — April Fool's Day — and an intervention from her cosmic double in a realm beyond our own to make Ann realize the full cost of the humanity she has lost. The small town of Elk's Ridge was founded as a closed haven, dreamt up by Vietnam veterans looking to create a utopia: a home without violence, chaos, or corruption. And in the beginning, it seemed like it might actually work. However, years later, the town has become a powder keg. When a desperate bid for freedom results in the accidental death of a child, the town must decide what terrible acts they are willing to commit in order to preserve their way of life. And the youth of the sleepy town—those who never chose to live that life—must forsake all they know in order to stand up for what is right.

DOCTOR WHO: THE TENTH DOCTOR: YEAR TWO #1

(W) Nick Abadzis (A) Eleonora Carlini (CA) Alex Ronald

A fresh new start to an all-new Year Two, as the Tenth Doctor ongoing series takes to the stars! Looking for rest and relaxation, the Tenth Doctor and companion Gabriella Gonzalez take a trip to Earth Station Presley, a mining platform around an enormous gas giant — and home to one of the most spectacular sensory experiences in the universe! The gas giant is a perfect example of human colonists living in harmony with indigenous life, in this case the Shan'tee: conceptual beings perceived by humans as hauntingly beautiful music! But the Doctor and Gabby are walking straight into a war. Something has corrupted the song of the Shan'tee — a mysterious signal of unknown origin — and now the human colonists are trapped in a fight for their lives! (STK681341)

But extreme hyperviolence-for-hire is hot on their tail, tracking them wherever and whenever they go. With chainswords! It's a race to clear our tricksy Time Lord's name and spare the lives of his friends, with the only answers burnt in the fiery footsteps of the incarnation he can never acknowledge: the War Doctor. Breathless twists abound as the Eleventh Doctor series jumps into a new gear, for a new year! (STK681331)

AMAZING FANTASTIC INCREDIBLE: A MARVELOUS MEMOIR GN
(W) Stan Lee, Peter David
(A/CA) Colleen Doran
In this gorgeously illustrated, full-color graphic memoir, Stan Lee — the comic book legend and co-creator of Spider-Man, the X-Men, the Avengers, the Incredible Hulk, and a legion of other Marvel superheroes — shares his iconic legacy and the story of how modern comics came to be. Stan Lee is a man who needs no introduction. He has been the leading creative force behind Marvel Comics, and has brought to life some of the world's best-known heroes and most infamous villains throughout his career. Lee put the human in superhuman and in doing so, created a new mythology for the twentieth century. In this beautifully illustrated graphic memoir, illustrated by Colleen Doran, Lee tells the story of his life with the same wit, energy, and offbeat spirit that he brought to the world of comics. Moving from his impoverished childhood in Manhattan to his early days writing comics, through his military training films during World War II and the rise of the Marvel empire in the 1960s to the current resurgence in movies, *Amazing Fantastic Incredible* documents the life of a man and the legacy of an industry and career. This funny, moving, and honest memoir is a must-have for collectors and fans of comic books and graphic novels of every age. (STK681277)

KATE BEATON

STEP ASIDE, POPS! TP

Drawn & Quarterly

Explaining Kate Beaton's *Hark! A Vagrant* comic strip series to the uninitiated tends to go poorly, as it involves words like "history" and "literature." However, there are a ton of reasons why you should read not only her first volume, *Hark! A Vagrant*, but her newest collection *Step Aside, Pops* as well.

Jumping into Kate Beaton's idiosyncratic comic strip collection is an unpredictable fistful of history to the face. Or perhaps it's an arresting impact of literature. Or maybe fat ponies. It's hard to say, really. She will not be contained, and since she's won all the awards, there's absolutely no editor on this earth that would try.

Beaton takes the reader on giggle-snort gallops into realms of knowledge. She'll feed you all kinds of amazing facts about things that happened to famous figures, at speed, with flair and far too much enthusiasm, like a historical, literary pie to the face. You'll find yourself flipping page after page, munching her playful japes like potato chips, immune to the demands of time or reason. Her humor hypnotizes and beguiles. Her pencil capers and cavorts. You will finally find someone else who has the same misgivings about *Wuthering Heights* as you do! Here is a woman who understands how truly sassy the ancient romans could be! You will no longer be alone to face your fears about our founding father's possible reactions to today's consumer culture! (Benjamin Franklin is all about it. 100%. No worries.) You will experience it all like a glorious 160 page plate of jalapeño poppers: bite-sized and spicy!

AN EXPLOSIVE CELEBRATION HC

(W) Sergio Aragones, Antonio Prohias
(A) Antonio Prohias & Various

This book shares *MAD's* most beloved comic strip, "Spy vs. Spy", in a way it has never before been seen — full color. One of the most celebrated comic strips in *MAD's* history has a deceptively simple concept: twin Spies, one clad in black and the other in white, outdoing each other in elaborately stupid plots to achieve the other's demise. Now, the artists at *MAD* are colorizing the best of the original strips, presenting these timeless classics in a modernized design that will appeal to nostalgic fans as well as current magazine readers. New material created for the book will include a biography of the original artist, Antonio Prohias, in strip form, charts and graphs deconstructing the Spies' antics, new interpretations of the Spies by 10 artists, and more. WILLIAM SHAKESPEARE'S STAR WARS: TRAGEDY OF THE SITH'S REVENGE HC

(W) Ian Doescher (A/CA) Nicolas Delort
The curtain rises once again on that star-crossed galaxy far, far away, this time revealing the tragedy, hubris, and doomed romance that will lead to the fall of the Republic and the rise of an Empire. In *William Shakespeare's Star Wars Part the Third: Tragedy of the Sith's Revenge*, this tragic tale charts the tragic tale of a once-heroic knight's transformation into the darkest of villains and the final days of the impuissant Republic to which he had pledged his service. Masterful meter, Shakespearean soliloquies, and intricate Elizabethan illustrations will leave readers convinced that the *Star Wars* saga sprang from the Bard's quill! (STK679822)

Lost in a warehouse for 35 years, we now bring you the amazing big box Wizard Video Collection! Home video pioneer Charles Band's Wizard Video introduced the "big VHS box" in the 1980's, which featured lurid titles such as ZOMBIE, I SPIT ON YOUR GRAVE, DEMONIAC & BREEDERS! The nostalgic big VHS box has become a rare collectable due to its scarcity and (usually poor) condition, until now! These boxes contain the original film newly duplicated on VHS in a black clam shell, in its original packaging! Don't miss your chance to own a part of the early days of the home video explosion!

Explaining Kate Beaton's *Hark! A Vagrant* comic strip series to the uninitiated tends to go poorly, as it involves words like "history" and "literature." However, there are a ton of reasons why you should read not only her first volume, *Hark! A Vagrant*, but her newest collection *Step Aside, Pops* as well.

Jumping into Kate Beaton's idiosyncratic comic strip collection is an unpredictable fistful of history to the face. Or perhaps it's an arresting impact of literature. Or maybe fat ponies. It's hard to say, really. She will not be contained, and since she's won all the awards, there's absolutely no editor on this earth that would try.

Beaton takes the reader on giggle-snort gallops into realms of knowledge. She'll feed you all kinds of amazing facts about things that happened to famous figures, at speed, with flair and far too much enthusiasm, like a historical, literary pie to the face. You'll find yourself flipping page after page, munching her playful japes like potato chips, immune to the demands of time or reason. Her humor hypnotizes and beguiles. Her pencil capers and cavorts. You will finally find someone else who has the same misgivings about *Wuthering Heights* as you do! Here is a woman who understands how truly sassy the ancient romans could be! You will no longer be alone to face your fears about our founding father's possible reactions to today's consumer culture! (Benjamin Franklin is all about it. 100%. No worries.) You will experience it all like a glorious 160 page plate of jalapeño poppers: bite-sized and spicy!

TEENAGE MUTANT NINJA TURTLES #50

IDW Publishing

As a kid growing up in the 90's, the rooftop battle between the Ninja Turtles and Shredder was one the coolest cinematic moments of my youth. The *Teenage Mutant Ninja Turtles* cartoon was so kid-friendly the movie was anything but. The movie took the Turtles seriously and the duel on the rooftop showed the Turtles going 4 against 1 and they didn't have enough. The good guys couldn't do it! It was mind blowing to a kid that just maybe good wasn't going to triumph over evil.

The IDW run of *TMNT* is nearing its 50th anniversary issue and it's looking like we're about to have another epic confrontation between our favorite mutants and Shredder, the leader of the Foot Clan!

With Kevin Eastman having signed an exclusive contract with IDW at ECCC this year, IDW is pulling out all the stops to ensure that this final confrontation between the forces of good and evil makes just as much of a mark on this generation as the movie rooftop battle did on mine.

Be sure to pick up *Teenage Mutant Ninja Turtles* #50 from IDW this September to see if the Turtles are able to beat their greatest adversary or if the Shredder finally gets his chance for a taste of that turtle soup he's been craving for decades.

CAPCOM FIGHTING TRIBUTE HC

Udon Entertainment

Of all the many arcade games produced throughout the years, only one company truly put a gigantic stamp on the side scrolling fighting genre in a way that no one else could replicate. Capcom put out sleeper hit after sleeper hit of beat-em-up brawlers that produced endless hours of fun. Where else could you find a super genius infant in a mech suit taking down ninjas or a girl battling robots while riding a pink ostrich?

MAY'S BEST-SELLING TITLE: SECRET WARS #1

The Marvel Universe as we know it, is gone. Eaten away, dimension by dimension, all that remained at the end was "our" Marvel Universe, and the Ultimate Universe. And when these two realities collided, they both ceased to exist. But there is definitely life after death, even on this massive a scale, and Marvel's ***Secret Wars #1*** begins to tell the story of a new formed reality… one in which the fragments of what came before, make up a new realm of infinite possibilities. And conflict. Plenty of conflict.

HALLOWEEN COMIC FEST:

TOP 10 ZOMBIE COMIC BOOKS

halloweencomicfest.com
COMICS
HALLOWEEN
ComicFest
October 31
2015

Zombies have become one of the most popular monsters in recent years. First appearing in folklore and legend, these undead creatures soon moved to the silver screen in movies like *White Zombie*, *Zombies of Moro Tau*, *Tombs of the Blind Dead*, and the original *Night of the Living Dead*... which changed the modern Zombie from the shambling, hypnotized beings or yore to the flesh-eating ghouls we know and love today.

Over the years, Zombies also made their way into the comics. In the pages of EC's *Tales from the Crypt* and Atlas/Marvel's *Menace* (birthplace of Simon Garth, the *Zombie*!), the reanimated corpses of the dead became favorites of kids and the bane of the establishment. Since the early '50s, zombies have come in and out of style in comics, even undergoing some name changes to avoid the archaic rulings of the Comics Code Authority ("zuvembies" anyone?).

But today, Zombies rule (and drool!) comics, and it seems like this unstoppable army of the dead is just that: unstoppable. With *The Walking Dead* ruling comics and TV (with two series!), and Marvel's *Secret Wars* "Battleworld" playing host to an entire realm dedicated to their "*Marvel Zombies*", it seems like there they're everywhere. And they are!

So here then, for your enlightenment and enjoyment, we present our **Top 10 Zombie Comic Books**. These things are quite subjective, and we may not see eye-to-eye on what we consider Top Zombies, but you can't argue that these aren't some of the beast flesh-eaters and brain-gnashers around (presented *in no particular order*)!

SIMON GARTH: THE ZOMBIE!

Marvel Comics

Simon Garth was a man cursed to walk the Earth as the living dead, first appearing in the 1950's in the pages of Atlas/Marvel's *Menace* #5, in the Stan Lee/Bill Everett story, "Zombie!" Years later, in the '70s, Simon Garth would walk the Earth again in the pages of Marvel's B&W Tales of the Zombie magazine, which ran for 10 issues!

Marvel Masterworks: Atlas Era Menace Vol. 1 HC (MAY090566)

DEADWORLD

IDW Publishing

Originally written and illustrated by Vince Locke, *Deadworld* had a storied publishing history, appearing sporadically throughout the'90s to today; a post-apocalyptic saga following a band of survivors pursued by the motorcycle riding "King Zombie"... definitely a more supernatural take on the zombie apocalypse!

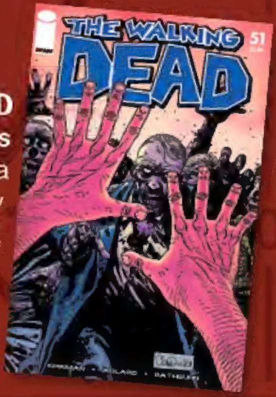
Deadworld Omnibus Vol. 1 TP (NOV100400)

iZOMBIE

DC Comics/Vertigo

Now a hit TV series, DC/Vertigo's *iZombie* follows Gwendolyn "Gwen" Dylan, 20-something gravedigger in an eco-friendly cemetery. Once a month she must eat a human brain to keep from losing her own memories... but eating those brains gives her the deceased's thoughts and personality, spurring her on to fulfill their last request, solve a crime or right a wrong.

iZombie Vol. 1: Dead to the World TP (DEC100299)



THE WALKING DEAD

Image Comics

The benchmark, one that all others are measured by. Robert Kirkman's *The Walking Dead* is a multi-media juggernaut, spawning TV series, video games, merchandise, memes and plenty of imitators. It is a unique property, in that it plays to two different audiences (print and TV), yet also attracts both.

The Walking Dead Compendium Vol. 1 TP (MAR092419)

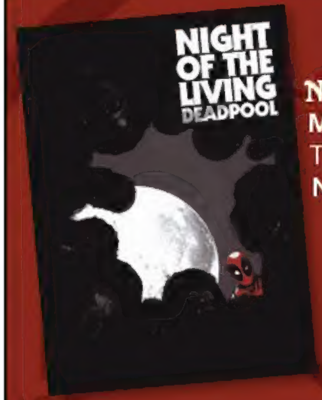
ZOMBIE TRAMP

ZOMBIE TRAMP

Action Lab

Dan Mendoza's *Zombie Tramp* is a supernatural call-girl gifted with supernatural powers and a bod that quit. But that doesn't stop our gal from plying her trade in the world's oldest profession. Or eating brains.

Zombie Tramp TP (JUN130714)

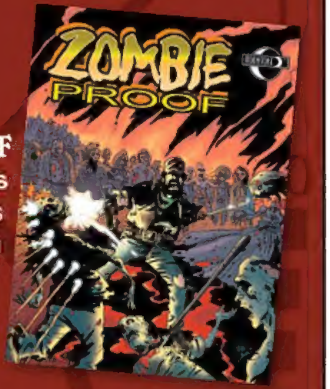


NIGHT OF THE LIVING DEADPOOL

Marvel Comics

The "Merc' with a Mouth" vs. Zombies. Nuff Said!

Night of the Living Deadpool TP (MAR140768)



ZOMBIE PROOF

Moonstone Books

Billy Bob Driwahl (a good ol' boy handyman based on comics writer Beau Smith) was considered a nut-job when he offered "zombie-proofing" as a part of his services. So when the zombie apocalypse came, who was the crazy one?

Zombie Proof HC (MAR121126)

MARVEL ZOMBIES

Marvel Comics

Once a derogatory term for comics fans who bought nothing but Marvel comics, Marvel Comics embraced the moniker and gave it a new (un)life as their cult-classic *Marvel Zombies* line. Spinning out of a bizarre dimension-hopping epic involving the Ultimate Fantastic Four and an alternate Earth designated "Earth-2149", this series lead to multiple sequel series, and a chunk of prime real estate located in 2015's *Secret Wars* "Battleworld"!

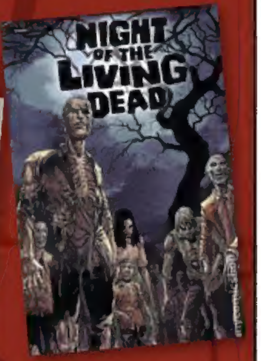
Marvel Zombies Zomnibus HC (APR120685)

NIGHT OF THE LIVING DEAD

Avatar Press/Double Take

Spawned from George Romero's 1968 cult-classic (and its many cinematic sequels), publishers like Avatar Press and Double Take (see Pages 343-346 this month for their listings!) launched their own zombie epics that took the films as their starting points and went well beyond them into new realms of zombie horror...

Night of the Living Dead Vol. 1 TP (APR100765)



ARMY OF DARKNESS

Dynamite Entertainment

Sam Raimi's *Evil Dead* protagonist Ash Williams was sent back in time to the Medieval era to face the Army of Darkness, an undead horde known as the "Deadites"... but let's face it, they were zombies (and skeletons)! Armed with his massive chin, chainsaw, and bad attitude, they didn't know what hit them! At least until the various sequels and specials...
